**INTERDISTRICT OPEN ENROLLMENT
(Statewide)**

The Board permits any student from any other district in the state to apply and enroll in the District schools free of any tuition obligation, provided that all procedures as outlined in the administrative regulations are met.

Requirements include:

1. application procedures, including deadlines for application and notification to students of acceptance or rejection and the superintendents of other districts whenever another district's student's application is approved;
2. procedures for admission;
3. District capacity limits by grade level, school building and educational program are determined;
4. resident students and previously enrolled District students have preference over first-time applicants;
5. no requirements of academic, athletic, artistic or any other skill or proficiency;
6. no limitations on admitting students with disabilities, unless services required in an Individualized Education Program are not available in the District;
7. no requirement that the student be proficient in the English language;
8. no rejection of any applying student because the student has been subject to disciplinary proceedings, except an applicant who has been suspended or expelled by another district for 10 consecutive days or more in the term for which admission is sought or in the term immediately preceding the term for which admission is sought and
9. procedures to ensure maintenance of an appropriate racial balance in the District's schools.

The District cannot refuse to accept the credits earned by students who have participated in interdistrict open enrollment. The Board will not adopt a policy that discourages resident students from participating in interdistrict open enrollment.

The District notifies the Ohio Department of Education (ODE) of any change to this policy within 30 days of adoption. The District maintains records verifying adherence to this policy and that complaints regarding this policy are addressed. These records are provided to ODE upon request.

Compliance with this policy is reported to the ODE by November 30 annually through the consolidated school mandate report.

If the District reports noncompliance the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action for accurately and efficiently addressing the problem.

ADMISSION OF INTERDISTRICT TRANSFER STUDENTS

Guidelines for the transfer of students from an Ohio school district based upon policy established by the Board are listed below.

1. Any application for an interdistrict transfer from an Ohio school district must be submitted to the Superintendent’s office of the student’s intended district of enrollment between the first working day of April to the first working day of May. Applications are acted upon by June 15. Parents must indicate acceptance of transfer on or before June 30. One application must be submitted each year for each student who requests an interdistrict transfer. The receiving district reserves the right to assign the building where appropriate.
2. Interdistrict transfer is permitted if the enrollment of the grade level, class level, building level and educational program being requested at the receiving District does not exceed the following:

<u>Grade</u>	<u>Section</u>	<u>Enrollment Limit</u>
K-5	Elementary School	23 per class
6-8	Middle School	380 students in grades 6-8
K-8	Special Education	8 students per class
9-12	Special Education	12 students per class
9-12	High School	525 students in grades 9-12

The enrollment figures are for open enrollment guidelines only. Enrollment limits are the discretion of the District and may be waived.

3. Once accepted by the receiving district, a student may be displaced should enrollment exceed the limits stated above.
4. Enrollment in a special program, i.e., gifted, LD, DH, etc., dictates which building a student must attend as many units are cooperative among several districts and may not be housed in the district to which the student has transferred.
5. Students with disabilities may be rejected for interdistrict transfer if the services described in the student’s IEP are not available in the receiving district’s schools. The Superintendent determines eligible programs.
6. Districts are not required to institute any special education programs to serve transfer students.
7. OHSAA athletic eligibility guidelines are in affect.
8. Students with discipline problems may be rejected for interdistrict transfer only if they have been suspended or expelled by the sending district for 10 days or more in the current term or school year application is made.
9. Applicants are considered on a first-come, first serve basis annually, with an assurance that native students are not displaced. Previously enrolled interdistrict transfer students are given priority over new applicants. Enrollment levels determine annual approval, i.e., approval one year does not guarantee approval in the future.
10. Applicants may be rejected if the racial balance of either the sending or the receiving school district would be negatively impacted.
11. Participating districts will accept no responsibility for the transportation of students to other districts unless it is deemed practical by the administration.
12. All approved transfers are in effect for the entire school year. The policy may be discontinued at the discretion of the participating boards of education.
13. Applications received after the designated dates may be considered on an individual basis if extenuating circumstances exist or otherwise.

OHSAA ATHLETIC TRANSFER RULE

If a student transfers after the first day of the student's ninth grade year or after having established eligibility prior to the start of school by playing in a contest (scrimmage, preview or regular season/tournament contest), the student will be ineligible for one year from the date of enrollment in the school to which the student transferred. A student is considered to have transferred whenever the student changes from that school in which the student was enrolled as a ninth grader to any other school regardless of whether the school from which the student transferred or to which the student transfers is public or non-public, member or non-member or whether the high schools are within the same school district. Once eligibility has been established for that incoming 9th grade student at a member school for the school year, the student may not transfer to another school and retain athletic eligibility unless he or she meets one of the eight exceptions to this rule. Visit www.ohsaa.org or view the OHSAA Handbook for the complete text of this rule and the eight exceptions to this
