

# INCREASED TRANSPARENCY WITH NEW EAST GUERNSEY MENUS

Menus pictured above represent sample menus and not actual menu items at your school.

Starting this school year, parents and students from East Guernsey LSD will be pleasantly surprised with their new online school menus. [Nutrislice](#), web site and free smartphone app, is powering the updated East Guernsey school menus. The nutrition program has just launched an interactive menu tool that provides greater insight and information about their menus.

The website, [eastguernsey.nutrislice.com](http://eastguernsey.nutrislice.com), lets parents and students view pictures, descriptions, nutritional information, special diets filters, and get carb counts for each day's menu! You can also access menus via the free mobile app available on the [iTunes App Store](#) for iPhone users or on [Google Play](#) for Android-powered smartphones.

This program is just beginning so please be patient with us as we figure out all that Nutrislice can offer our students and parents.
